RONAK DHRUV

I was ecstatic when I found out that I had ranked third in India for the course.

It was a surreal feeling, and my family was over the moon with pride.

- *Ronak Dhruv*

VOICE OF SUCCESS

When my friend told me about the course, I was initially hesitant about pursuing it. I had always been interested in this field, but I wasn't sure if this course was the right fit for me. **All that changed when I met Pratham Barot, the Co-Founder of Zell Education**, who counselled me about the opportunities that the course offered.

What appealed to me was the global recognition and the scope it offered in big MNCs.

Plus, the fact that it was a flexible course, made it more manageable and allowed me to balance my studies with other commitments.

During my learning time with Zell, I **also had the opportunity to intern as an associate for a year.** It was a fantastic experience and allowed me to gain **valuable industry exposure.**

I was ecstatic when I found out that I had ranked third in India for the course. It was a surreal feeling, and my family was over the moon with pride.
