# RONAK DHURUV

I was ecstatic when I found out that I had ranked third in India for the course.

It was a surreal feeling, and my family was over the moon with pride.

## VOICE OF SUCCESS

When my friend told me about the course, I was initially hesitant about pursuing it. I had always been interested in this field, but I wasn't sure if this course was the right fit for me. **All that changed when I met Pratham Barot, the Co-Founder of Zell Education,** who counselled me about the opportunities that the course offered.

**What appealed to me was the global recognition and the scope it offered in big MNCs.**

Plus, the fact that it was a flexible course, made it more manageable and allowed me to balance my studies with other commitments.

During my learning time with Zell, **I also had the opportunity to intern as an associate for a year.** It was a fantastic experience and allowed me to gain **valuable industry exposure.**

I was ecstatic when I found out that I had ranked third in India for the course. It was a surreal feeling, and my family was over the moon with pride.
